## EDUCATION

### **Non-Formal Education**

Any organized education activity outside the established formal system whether operating separately or as an important feature of some broader activity that is intended to serve identifiable learning clienteles and learning objectives.

1. Relevance to needs of disadvantage groups.
2. Concern with specific categories of person.
3. A focus on clearly defined purposes.
4. Flexibility in organization and methods.

Pakistan's historical city Multan has great history but there citizen's psychological approach is backward. They believe on old traditions and means. In education especially girls education they think about very embarrassed if girls get education because mostly people live in rural and scattered areas like Basti and Moza, in Basti and Moza don't have school for girls in every area. For girl's education, ROSHNI conduct survey in these kinds of areas. After survey ROSHNI decided to establish home (non-formal) schools with community contribution. ROSHNI conduct meetings with community elaborate their process and recognized different places for home schools in different localities.

ROSHNI has been started non-formal home schools since 1999. At this time ROSHNI has run 39 non-formal home schools with the collaboration of National Education Foundation (NEF) and 15 non-formal schools with the collaboration of USAID-SGAFP in different areas of Multan District (Suraj

Miani, Binda Sandeela, Alamdi Surrah, Nawab Pur, Lutfabad, salah mahy, Gray Wala, Rangeel Pur, Chowk Shah Abass, Basti Langrial, Qasm Bela, Mohd Pur Ghoti, Chowk Kumhra, Ghala Mandi and Muzafarabad). There thousands of poor and needy children are getting free education. ROSHNI also organized 15 days teacher's training. 54 Village education Committees (VECs) were formed in every school. It was consisted of student's parents, Retired teachers, councilors and representatives of community. The responsibilities of VEC members are look after and monitor enrolment, dropout, start enrollment campaigns in their respective village, and conduct the meeting with ROSHNI staff.

## **Formal Education**

ROSHNI has worked on formal education. Roshni established a formal school up to matriculation Brook field Public School in VIP Colony Suraj Miani Multan, still running since 2005. In this school every student belonging to any religion or sect gets education freely. Enrolment of students increased every year.

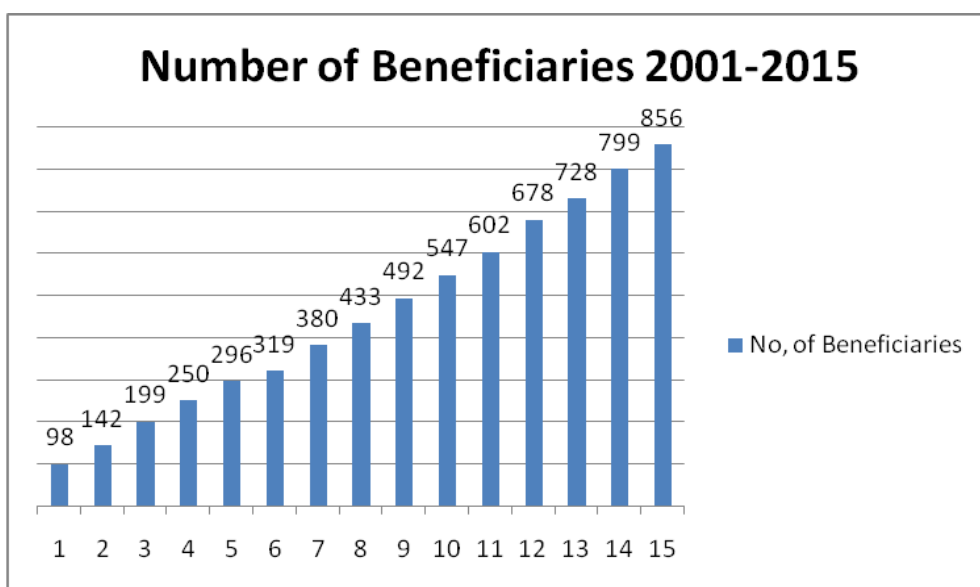

ROSHNI has wants more educational facilities for the poor and needy people, so ROSHNI work hard on this and finally ROSHNI started 8 formal schools with the help of Punjab Education Foundation (PEF) and called Education Voucher Scheme (EVS). After survey these EVS schools had been established 8 different Union Councils of District Multan (Suraj Miani, Nawab Pur, Chah Kasli Wala, Chah Baddan Wala, Timber Market, Farooq Pura and Raza Abad) for 1<sup>st</sup> October 2014. ROSHNI conduct community meetings and explained the EVS project, those children their age above 6 years or especially those for the child labor now they can easily get education in second time of the day. ROSHNI has haired the staff and started the school.

Where are thousands of needy children are get free education. Total enrolment of students increased day by day.

## Library

ROSHNI also established a library for visitors especially for its teachers, because they were willing to acquire more and more information but they have no way to any library. ROSHNI had lot of books, reports and booklets of different organizations. ROSHNI requested to SHIRKAT GAH for library so the sent many books concerning about the women issues for Library. So ROSHNI established mini Library since 2000. Where visitor can enjoy to read the books about General knowledge, women issues, general information about human rights, useful websites, addresses of different authors, syllabus and guide books. Now library has more than 1400 books. Number of beneficiaries increased day by day.

## **Adult Literacy Program**

In October 2014 Roshni has started Adult Literacy Program with the help of Punjab Government. ROSHNI opened 24 centers of the adults for both gender male and female. Illiterate adults came in the centers get free education and skills and get awareness of their rights. These centers are helpful to build their characters and gave a self confidence. They cannot take part in national building. For this ROSHNI conduct community meetings and make a mind of adults for getting education. Response from adult was outstanding. They are happy to getting education.

## **Teacher's Training**

ROSHNI always try to improve their teacher's skills, for this purpose in the month of August-2015 Roshni organized 15 days training in Suraj Miani. Through this training give a chance to improve their teaching method, and build their capacity of teaching. Teach them how to manage the student and tell different way of teaching. In this training also invite the VECs last day of training. The responsibilities of VEC are look after, enrolment, dropout and conduct the meeting with ROSHNI staff. After training teacher's remarks is very good and they were happy.

## **Aims and objectives**

- The Teachers will be able to influence their work environment. They should know how to identify risks and also have good suggestions for counteracting them.
- Student-elected teacher safety representatives will contribute to increasing the safety within the school and promoting their own security.
- The principal, the teacher safety representatives and the school nurse will continue to function as key persons in promoting safe behavior.

## HEALTH

Health is important factor of human life. Through the first day human research don't stooped about health, they give medical facilitates in different manner. ROSHNI also work on some health projects.

The major objectives was

1. To provide free basic health facilities to community.
2. To provide the health education for man, women and children.

### **Family Health care**

Roshni has one dispensary family health care where one MBBS doctor and two LHVs serve the community. People have to face problems especially female are avoid to go any hospitals in distance. This family health care centre serves them at their own door steps.

Stratification of the patients are

S.#	Diseases	No. Of Patients/day
1	General disease	75
2	surgical treatment	07
3	Gynecological	25

Children:	201

## Stratification of beneficiaries of health camps

Health Camp	No. Of Beneficiaries
Health Camp # 1	545
Health Camp # 2	260
Health Camp # 3	250
Health Camp # 4	481
Health Camp # 5	526

**Polio Campaign**

ROSHNI organized 07 polio campaigns in different location of District Multan in 2015. The purpose of the campaign is to create awareness in the people about the polio and to participate the community members for the improvement of coordination and information sharing. As you know Polio is such as diseases, which causes disability in the children there is a lot of people in our society they need wheel chair for walk or they cannot walk absolutely. In this campaign ROSHNI train the Lady Health Workers and found the missing children. Educate the people that polios virus exists in Pakistan.

**IMPORTANT POINTS**

1. To aware the people about polio
2. Active participation of every on to Control the polio diseases
- 3 Consider the position of Hepatitis B & C
4. The joint efforts of Government, NGOs and Community are needed for the control of these diseases.

## **Dengue Campaign**

ROSHNI organized Dengue campaigns in different location of District Multan in 2015. Pakistan is hit by another dengue fever epidemic disaster especially in Punjab and Khyber Pakhtoon khwa Provinces. As a part of the anti-dengue campaign ROSHNI educate the people that Dengue fever is the most common mosquito spread disease with around 100 million cases occurring annually. It is found in most tropical and subtropical regions and is transmitted to humans by the bite of an infected mosquito. There is no evidence of person to person transmission and the disease is rarely fatal. Travelers should take precautions to avoid mosquito bites when travelling to high risk areas. See your doctor immediately if you present the typical symptoms of dengue fever. In that campaign tell the people about dengue fever and Dengue fever can be found in any tropical or subtropical area and is most prevalent during the warm and humid seasons. Mosquitoes infected with the dengue fever virus can be found in both rural and urban areas including major cities.

Typical symptoms of dengue fever include:

- Fever
- Headache
- Sore muscles
- Nausea
- Vomiting
- Rash

## Women Rights

### **WOMEN'S DAY**

**Date:** 08-03-2015

**Venue:** Raza Hall , Multan.

**Participants:** 50 Community Female

**Facilitator:** Zahid Zahoor

**Objective:**

To Aware community females regarding importance of Education and women empowerment.

**Process:**

Community meeting was organized in Raza Hall, Multan. Meeting started with recitation of Holy Quran. Shahida Naseem recited the Holy Quran. After recitation Zahid Zahoor formally welcome to all participants and said the objective of this meeting. He said the ratio of education of women is alarming. International Women's Day is a time to reflect on progress made, to call for change and to celebrate acts of courage and determination by ordinary women who have played an extraordinary role in the history of their countries and communities.

International Women's Day is celebrated in many countries around the world. It is a day when women are recognized for their achievements without regard to divisions, whether national, ethnic, linguistic, cultural, economic or political. It is an occasion for looking back on past struggles and accomplishments, and more importantly, for looking ahead to the untapped potential and opportunities that await future generations of women.

In 1975, during International Women's Year, the United Nations began celebrating International Women's Day on 8 March. Two years later, in December 1977, the General Assembly adopted a resolution proclaiming a United Nations Day for Women's Rights and International Peace to be observed on any day of the year by Member States, in accordance with their historical and national traditions. In adopting its resolution, the General Assembly recognized the role of women in peace efforts and development and urged an end to discrimination and an increase of support for women's full and equal participation.

Envisions a world where each woman and girl can exercise her choices, such as participating in politics, getting an education, having an income, and living in societies free from violence and discrimination.

In 2015, International Women's Day will highlight the Beijing Declaration and Platform for Action, a historic roadmap signed by 189 governments 20 years ago that sets the agenda for realizing women's rights. While there have been many achievements since then, many serious gaps remain. This is the time to uphold women's achievements, recognize challenges, and focus greater attention on women's rights and gender equality to mobilize all people to do their part.

Roshni Organization also arranges to show a video documentary of "A small Dream" from Karachi.

The entire participant like that documentary and appreciate that brave girl.

## **Awareness Session Importance of Registration Birth, Nikah, Divorce, Death & Vote**

**Date:** 04-03-2015

**Venue :** Basti Gujar Multan.

**Participants :** 36 Female

**Facilitator :** Zahid Zahoor

### **Session 3:**

**Date:** 09-03-2015

**Venue :** Cha Kasli Wala Multan.

**Participants :** 36 Females

**Facilitator :** Muhammad Zahid Zahoor

### **Session 4:**

**Date:** 23-05-2015

**Venue :** Mohallah Qasim shah Multan.

**Participants:** 36 Community Female

**Facilitator :** Zahid Zahoor

**Session 5:**

**Date:** 25-05-2015

**Venue :** Cha Nabi Bux Multan.

**Participants:** 38 Community Female

**Facilitator :** Zahid Zahoor

**Session 6:**

**Date:** 26-05-2015

**Venue :** Basti Gujranwali Multan.

**Participants:** 38 Community Female

**Facilitator :** Zahid Zahoor

**Session7 :**

**Date:** 26-06-2015

**Venue :** Basti Gujranwali Multan.

**Participants:**

38 Community Female

**Facilitator :**

Zahid Zahoor

**Session 8:**

**Date:** 09-06-2015

**Venue :** Basti Yaraay Wala, Bosan Road, Multan.

**Participants :** 35 Females

**Facilitator :** Rubina Rasool I

## Report on Awareness Session Importance of Registration Birth, Nikah, Divorce, Death & Vote

### Objective :

To Aware community regarding importance of Registration of Birth, Nikah, Divorce, Death and Vote.

### Process:

Community meeting was organized in Basti Kasli Wala. Meeting started with recitation of Holy Quran. Rubina recited the Holy Quran. After recitation Zahid Zahoor formally welcome to all participants and said the objective of this meeting. He said that "Roshni always try its best to aware the community regarding their basic rights and Shirkat Gah always supported Roshni in this context. The ratio of birth, Nikah, death and divorce is high but unfortunately its registration is low. Not only low but also but ration of registration is alarming. People think it is not necessary and it is just waste of time. Registration of vote is consider it is duty of Politicians and political parties. National and international organizations are trying to increase turn out ration specifically among female, but unfortunately registration of female as a voters is below than 20%.

He said registration of birth is first right of child. But unfortunately we ignore this easiest act and not informed the union council about child birth. It is our duty to inform concern union council about the child and registered his/her name and got computerized birth certificate from union council. Secretary union council is bound to registered name and gave certificate. He said in ancient time 99% deliveries accrued at home. TBAs (Daies) attend the female and it was her duty to inform union councils.

Second practice was that watchman (Chokidar) of the village informed the union councils. But now ratio of delivery at home reduce and people contact to hospitals/ that is why it is our duty to inform union council, but we can not perform our duty and inform union councils. Now we have to fulfill our duty and registered our children. He also said if we do not registered our children within sixty days. Then it is long and tough process to registered.

So we avoid this process and registered our children in time. Birth registration is useful and it use not only in education sector but also lot of other sectors. Especially in rural areas when it need in inheritance and transfer of land to next kin. In rural areas people care a fig far in registration of girls. They never disclose name of their daughter in areas and it become big hurdle in their education, transfer of heritance, marriage and registration of vote. Female are equal importance like male.

Registration of Nikah (marriage) is also important. In south Punjab 40% have two wives and they do not register second marriage in union councils, because they never disclose their second marriage and never share their inheritance with her. On the consequences their next generation (Children) also not registered properly. Some time our Nikah registrars do not registered marriage in union council and not deposit registration fee in union councils.

It is our duty to asked registrar for registration and follow up for getting computerized registration certificate.

Divorce is very much harmful, painful, embarrassed and awkward act in our society but unfortunately ratio of divorce is increasing gradually. People are innocent and literacy rate is very low. They do not know the process. After divorce they never contact with any concern person for complete the process. But when girl going to second marriage, then first husband claims that she is his wife. Some time situation is very much serious. So we should registered divorce in union council and get divorce certificate from union council after completion process.

Divorce paper , certificate issued by union council, decision of Musaliyat Anjuman is also important for future. These paper save the female from many problems and troubles.

One female from participants share her own experience with participants. She said my daughter was divorced three years back. We did not receive certificate from union council and when we were going to her second marriage, her previous husband reached and said she is my wife. All family members was worried about this incident.

Registration of death is also important registration. A common people think it is not important. In every time when need of any type of record or documentary prove it need death certificate. During the transfer of inheritance Patwari, tehsildar and secretary union council earn lot of money and then UC issued their death certificate.

We never denied the Importance of vote, but in rural areas male always register their own vote and discourage the registration of female as voters. Ms Asia Bano discussed many local example and said in our areas. Only 27% female are registered as voter and on the other hand male are registered more than 90%. Now it is our duty to registered

## **NADRA Mobile Van Activity:**

### **Objective**

Facilitate the community especially female in getting computerized National Identity Cards at their door step.

**Target :** 1000 Female

### **Target Achieved**

**Target :** 1012 Female

365 Male

### **Collaboration & Support:**

Shirkat Gah Lahore.

### **Process :**

Roshni conducted base line in five remote and rural union council of Multan. the ratio among female have CNIC very low. Roshni staff organized meeting with community and with the consent of community Roshni decided to arrange NADRA mobile van for facilitation of CNIC. Community ensured the support and facilitate. Then Roshni staff met with regional authority of National Database & Registration Authority (NADRA) and requested them for provision of mobile van. With the mutually understanding and demand from community National Database & Registration Authority (NADRA) agreed to provide Mobile van for ten days at 5 different places. Shirkat Gah Lahore.

National Database & Registration Authority (NADRA) has been started the mobile van program to issue Computerized National Identity Cards (CNICs) to people of rural and remote areas for the help of those people who do not reached the NADRA regional office of their District.

## Pictorial View

## 16<sup>th</sup> Days of Activism

**Date:** 09-11-2015

**Venue:** Basti Basti Gujar Suraj Miani Road Multan.

**Total Participants:** 435

**Female:** 325

**Male:** 110

Roshni Organization organized a program with help of Shirkat Gha in Basti Gujar Suraj Miani Multan. This is a community program is tackling domestic violence for the community awareness with theater performance regarding domestic violence. What is domestic violence; Domestic violence in Pakistan is a widespread social problem. According to a study carried out in 2009 by Human Rights Watch, it is estimated that between 70 and 90 percent of women in Pakistan have suffered some form of abuse. An estimated 5000 women are killed per year from domestic violence, with thousands of others maimed or disabled. Domestic violence has become a major issue these days, especially with young girls.

Mr. Zahid Zahoor (Executive Director of ROSHNI Org) came on the stage and briefed about the types of violence especially domestic violence. It may not just be aggression or physical assault but also emotional assault which therefore makes this act hard to categorize report or even develop a legislature

He also briefed the history of three sisters killed by a Dictator Rafael on the working of rights of women in 1960. He also point out the demoralizing task ahead for Pakistan in this regard is providing it a cover through law.

The main thing of this program that is attracting the people is a short play on domestic violence by the Eeka Theater Group. This group performs on the true local story very well and beautifully on Domestic violence. Their acting hit the audience hearts. In the end Mr. Zahid Zahoor briefed them some important adjectives of this program.

- Increase women's safety
- Highlighting the nature and prevalence of violence against women
- Raising awareness of violence against women as a human rights issue
- Showing solidarity among women around the world
- Promoting women's leadership
- Lobbying government
- Strengthening local work to tackle violence against women

## **Meeting with Lady Health Workers (LHWs)**

**Date:** 17-02-2015

**Venue:** Head Office RWO VIP Colony Suraj Miani

In the meeting Mr. Zahid Zahoor (Executive Director of ROSHNI Org) identified 'increasing and often incompatible' demands on LHW services. Community expects "home service" every time they are in need of medical care. It has been shown that women who can obtain the service at their doorstep are more likely to use family planning. LHWs are also approached by the community for other problems like sanitation and clean water. We believe that this may be capitalized by developing linkages between the program and the local municipal corporations whereby, LHWs may have the right to lodge complaints on behalf of the community or even be part of a surveillance mechanism. In this meeting LHWs share their problems which they are facing. One of the big problems is security and pay. Most of LHWs was afraid due to security.

- To achieve "Health for all" by providing primary health care services in the community.
- Providing accessible primitive, preventive, curative and rehabilitative services to the entire population.
- Bringing about community participation.
- Improving the utilization of health facilities.
- Expanding availability of family planning services in urban slums and rural areas of Pakistan.
- Integrating existing health care delivery programmes.

## Poverty Alleviation

### **Microcredit**

**Microcredit** is the extension of very small loan (**microloans**) to impoverished borrowers who typically lack collateral, steady employment and a verifiable credit history. It is designed not only to support entrepreneurship and alleviate poverty, but also in many cases to empower women and uplift entire communities by extension. In many communities, women lack the highly stable employment histories that traditional lenders tend to require. Many are illiterate, and therefore unable to complete paperwork required to get conventional loans.

ROSHNI work on Microcredit project in which, Roshni give small loan and after the two months of grace period, ROSHNI start the collecting amount without any interest. First 5000 loan to the needy person and after the two months of grace period, 500 per month collect. Microcredit is a long-term sustainable approach to poverty alleviation as opposed to a one-time gift. By entrusting local women with manageable short-term loans, we are giving them the opportunity to help themselves and to break the cycle of poverty.

### **Livelihoods Project:**

Informal labor was reported as main source of income in 58 percent of communities, the majority of casual labor are out of work ,as they were not only busy in making temporary shelters for themselves or restoring/rebuilding their homes but had been cut off from many areas where usually they look for work. Agriculture was reported as the second most common source of livelihoods by 44 percent of the communities.

Community members from 49.5 percent communities reported their livelihoods as completely destroyed.

Roshni organization provided small business grants of Rs.25, 000/ to 900 affected HH which include widows, female HH, family having 15 persons, or those whose small business had destroyed in the flood. Roshni Organization also supported 600 beneficiaries in Cash for work activities in different union councils of district M/garh.

## Meeting with Youth

**Date :** 28-10-2015

**Venue:** Head Office RWO VIP Colony Suraj Miani  
Multan

**Participants:** 79 Females  
60 Males

Mr. Zahid Zahoor Director Roshni organization Multan addressed to audience about the Role of fatherhood in Pakistan. He said that, this event held regarding the celebration of "Youth Day" in which we will talk about the fathers responsibilities in character building of their children's life and future their priorities, interests, line of action and future. 65% populations of our country consist on youth and youth is future of our nation. In future they have to control and look after all the business and affairs of our country. We know major responsibility of father is support their families financially. Although it is important but one most important element Risky behavior is increase in youth of Pakistan due to some reasons. Today youngsters have forgotten the brilliant Islam rule and values. They are Muslim but they follow the western culture that is why they cannot understand any culture and religion fully. They do not fallow the Islamic rules so their real sprit has become destroyed. Youngster should know about the life skill base education (LSBE). Because it's the right of all the youngsters, that they have knowledge about their physical right.

## Children's Day

<b>Date:</b>	<b>20 November 2015</b>
<b>Venue:</b>	<b>Shiza Inn Hotel Multan</b>
<b>Participant</b>	<b>597</b>
Male:	210
Female:	187
Children	200

20 November 2015 ROSHNI arranged a program in Shiza Inn hotel on international Children's Day. Children's Day mean's to promote mutual exchange and understanding among children and to initiate action to benefit and promote the welfare of the world's children. This day is observed to promote the objectives outlined in the Charter and for the welfare of children. In this program ROSHNI wants to educate the people that each child within their jurisdiction without discrimination of any kind, irrespective of the child's or his or her parent's or legal guardian's race, color, sex, language, religion, political or other opinion, national, ethnic or social origin, property, disability, birth or other status. In this program **Mr. Zahid Zahoor** (Executive Director of ROSHNI Org) told the people that every child must have the right to freedom of expression; this right shall include freedom to seek, receive and impart information and ideas of all kinds, regardless of frontiers, either orally, in writing or in print, in the form of art, or through any other media of the child's choice. The parents or others responsible for the child have the primary responsibility to secure, within their abilities and financial capacities, the conditions of living necessary for the child's development.

## Provision of Access to Education Through Community Schools

Roshni Welfare Organization started Project Provision of Access to Education Through Community Schools in 5 Union councils of Bosan town Multan with the collaboration of USAID-SGAFP dated on 01-Nov-2015. The purpose of this project is provide education at door step for those children who have no access of education due to non availability of schools. Access the education specially for girls whom parents not agree for girls education and due to cultural restriction parents avoid to send their daughters in schools. Through this project RWO established 15 non formal schools in 5 UCs ( Qasim bela, Lutfabad, Binda sandhila, Saly Mahay, Nawabpur) 3 schools in each UC. Village education committees also formed through this project and will conduct 3 days capacity building training. VECs will ensure the sustainability of non formal schools. RWO will hired 15 teachers from the respective communities and trained them on modern methods of education. Target children are 600 in which 300 boys and 300 girls.

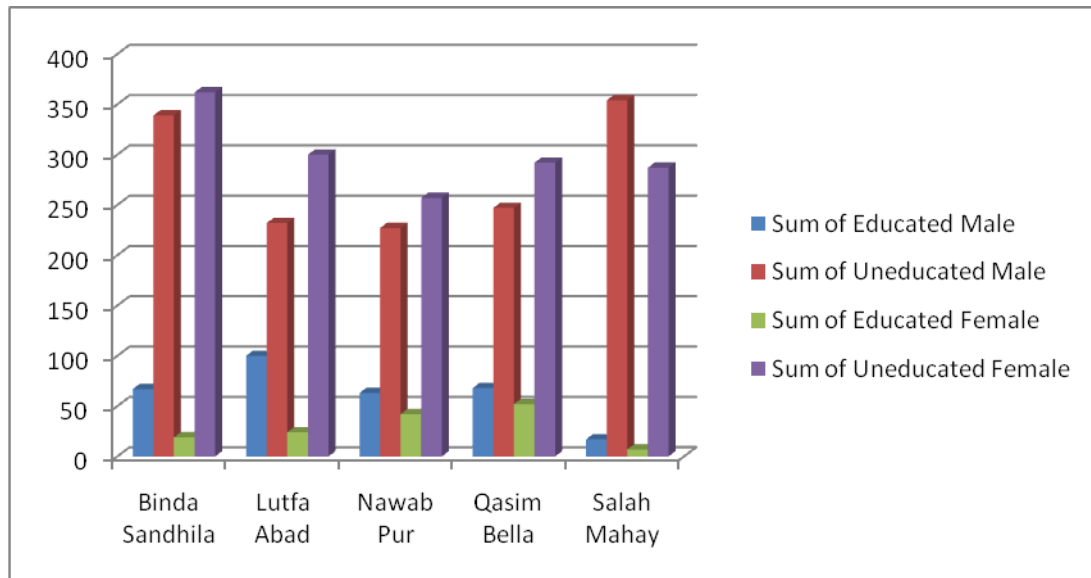

## Base line Survey -2015

To know the socio, economic and educational situation of people RWO conducted baseline survey in No-2015 in 5 Union councils which results are given below:

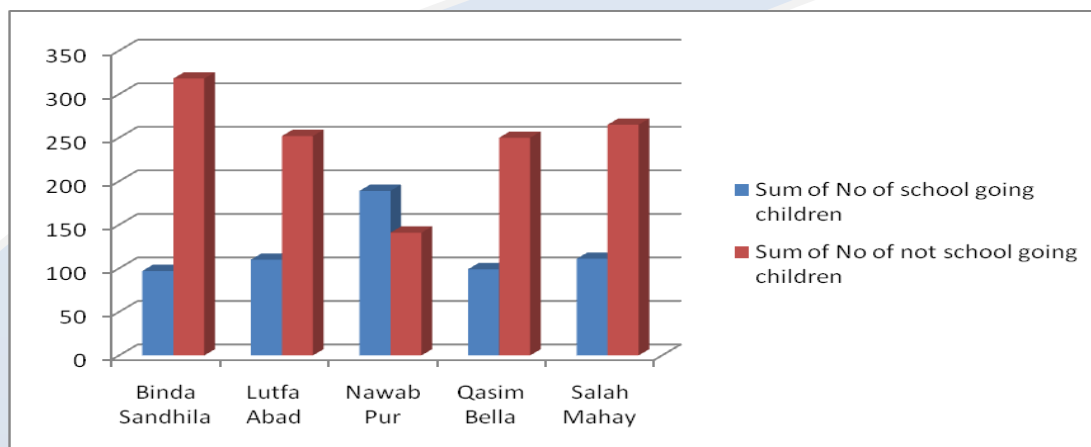

### Area of Study

Union Council Name	Basti Name
Lutfabad	Faizabad
	Islampura
	Nizamabad
Nawab pur	Balochan
	Thirajan
	Sialkot
Saleh Mahay	Aroka
	Aoliya Nawab
	Faqeeran wala
Bhinda Sandhila	Baqirabad
	Pati Kalro
	Binda Molana
Qasim Bela	Hamrot
	Camp
	Muhammad Pur Ghota

### Number of Educated and uneducated Male, Educated and uneducated Female

### Number of schools going and out of schools children

### Source of Income

Source of income	Household Percentage
Labour	78%
Farming	15%
Private Job	2%
Shopkeeper	3%
Teacher	2%

### Monthly Income

Montly Income	Household percentage
5000-7000	78%
7001-10000	21%
10001-12000	01%

### Educational Expenses

Educational Expenses	Household Percentage
0	53%
100-200	15%
201-400	10%
401-600	11%
601-800	3%
801-1000	7%
1001-1200	1%

## District Advocacy Group (DAG)

Shirkat Gah's Women's Empowerment and Social Justice Programme (WESJP) takes its vision forward and works with outreach partners across Pakistan. It is SG considered opinion that CBOs are pivotal to improving governance by making state functionaries more responsive and accountable to the people, especially at the local level, as well as for creating a demand for quality services.

The role of the DCGs is to carry the advocacy campaigns on women/development issues of the local population at village and Union Council level to district, provincial and national level. These issues fall under SGs thematic areas of Rights, Governance, Environment and Livelihoods e.g. women's health, legal rights, livelihood and essential official documents (National Identity Cards, birth, marriage and divorce registration and land rights of women).

This process builds DAGs capacity for establishing advocacy focused interventions at the district level. SG provides back stopping throughout the process at union council to national level. SG partnerships to enhance effectiveness of DCGs interventions like capacity building and backstopping helps DCGs hold government duty-bearers accountable and responsive to people's needs.

ROSHNI is a partner of Shirkat Gha and also the member of District Advocacy Group (DAG). As member of DAG ROSHNI work on local level problems of community, for this purpose ROSHNI conducts meetings with DAG members and also with community.

### **DAG Impact**

- Increased number of CBOs at district and provincial with a clear commitment to the human/women rights.
- Based on SG engagement partners have been linked with Health, Population Welfare, Social Welfare, Police, Forestry and Women's Development Departments and local government. This has resulted in provision of better services at the local level.
- At present most DAGs are key actors in creating awareness about human and women rights issues, at local level. They promote legal reforms, influence and contribute in policy advocacy and decision-making at district level.
- DAGs are expanding their networking with existing formal and non-formal institutions at local/provincial/national level.

## Community Based Organization (CBO)

The working philosophy of Social Mobilization Program involves Community Based Organization (CBO) as its partner in community development, therefore all programs and projects are being implemented with collaboration of CBO. This ensures the sustainability of the program to some extent. CBO is a primary level organization formed at village/settlement/Para/ community level in the target area.

As a strategy Shirkat Gah works with community-based organizations (CBOs) to enable them to identify and find solutions to their development needs/ rights issues on their own. This ensures the sustainability of SG interventions at the local level. These groups consist of community based organizations, media, lawyer, minorities, youth and government duty bearers.

ROSHNI has also a member of the CBO. I which ROSHNI First contacts visit Meeting with key community person, stakeholders and Large community meeting, and give the training orientation of CBO members. Arrange the regular monthly meeting of CBO to share progress and discuss issues. ROSHNI gives resource mobilization and facilitation to CBO in developing linkages with required partners.

## Capacity Building of Staff

ROSHNI according to situation gives training to the staff members. Because of staff must learn more and more. For that purpose this time Greenacre provide a chance for capacity building of staff. ROSHNI trains her staff three different ways. First training for 'Advocacy' , Second training for 'Project Management', and Third training for 'Finance'.

## Networking

**Networking** is a process resulting from conscious efforts to build relationships. There are many ways of co-operating. More specifically, co-operation can be in many different shapes and forms associations, umbrella organisations, platforms, partnerships, coalitions, alliances, and forums, as well as 'networks'. It's may be more or less formal or informal. It's Ranges from temporary to long term. Can be organisational, local, district/provincial, national, regional, international, or multi-layered integrating various levels.

ROSHNI work on networking and have some objectives.

- ROSHNI wants to increased benefit for end users and beneficiaries
- Solidarity and support.
- ROSHNI increased access to information, expertise and financial resources.
- ROSHNI increased visibility of issues, best practices, and under-represented groups.
- Strengthened influencing and negotiating power.
- Better ways of doing things and increased capacity to deliver.
- Shared costs of common functions.

**A.REHMAN & CO.****CHARTERED ACCOUNTANTS**

**ROSHNI WELFARE ORGANIZATION**  
**MULTAN**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**FOR THE YEAR ENDED JUNE 30, 2015**

**1 THE ORGANIZATION AND ITS OPERATIONS**

Roshni Welfare Organization is a Not for Profit Organization registered under the Voluntary Social Welfare Agencies (Registration and Control) Ordinance, 1961 on September 29, 1997. The registered office of the Organization is situated at Ali House, Street # 9, Police Line # 1, Multan. The basic objects for which the Organization came into existence are Welfare of Youth, Welfare of Women, Welfare of Homeless Peoples, Welfare of Oldage & Disable Persons and Provision of Education Facilities.

**2 A REVIEW ON SIGNIFICANT ACCOUNTING POLICIES****2.1 Accounting Convention**

These accounts have been prepared in Pak Rupees under the " Historical Cost Convention".

**2.2 Basis of Preparation**

These Financial statements have been prepared in accordance with the Accounting and Financial Reporting Standards. Where the requirements of Financial Reporting Standards differs, the requirements of local laws takes precedence.

**2.3 Operating Fixed Assets**

Operating fixed assets are stated at cost value less accumulated depreciation. Cost of tangible assets signifies historical cost, borrowing cost and other expenditure pertaining to acquisition, construction, erection and installation of these assets.

Depreciation is charged to Income on reducing balance method to write off the cost/appreciated value over their expected useful life of assets. Leasehold land ' if any' is amortized over the lease period using the straight line method.

Depreciation is charged for full year on additions made during the year and no depreciation is charged in the year of disposal.

Maintenance and normal repairs are charged to current year's income. Major renewals and improvements are capitalized. Gain or loss on disposal of operating fixed assets charged to current year's income.

**2.4 Cash and Cash Equivalents**

Cash and Cash equivalents comprise of cash and bank balances.

**2.5 Provisions**

Provisions are recognized when the organization has a legal or constructive obligation as a result of past events & it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate of the amount can be made.

**2.6 Off-Setting**

Financial assets and liabilities are of set when the organization has a legally enforceable right to offset and intends to settle either on a net basis or to realize the asset and settle the liability simultaneously.

**2.7 Impairment**

The carrying amounts of the organization's assets are reviewed at each balance sheet date to determine whether there is any indication of impairment. If any such indication exists, the assets recoverable amount is estimated and impairment losses are recognized

**2.8 Creditors, accrued and other liabilities.**

Liabilities of the market and other amounts payable are carried at cost which is the fair value of the consideration to be paid in the future for goods and services.
